DREADING USING YOUR SOLAR BLANKET?

The Pool Boy® Powered Solar Blanket Reel provides a fast and convenient way to uncover and cover your pool. The Pool Boy® design offers effortless operation by one person. Eliminate hand cranking and tugging on solar blankets.

LOVE YOUR POOL BOY®!

DOES THE INCONVENIENCE OF YOUR MANUAL REEL KEEP YOU FROM USING YOUR SOLAR BLANKET?

In many parts of the country where the average pool season lasts 4-5 months, the pool owner may see an energy cost decrease of up to 75%. This benefit alone makes Pool Boy® a great investment for any pool owner. The first years energy cost savings is often greater than the cost of the Pool Boy® system. According to the US Department of Energy the benefits of consistent use of a pool cover are:

- Pool owners may see an energy cost decrease of up to 75%.
- Conserve water by reducing the amount of make-up water needed by 30%-50%
- Reduce the pool's chemical consumption by 35%-60%.
- Reduce cleaning time by keeping dirt and other debris out of the pool

Your POOL BOY® can easily extend and retract with the push of a button!

THE REMOTE CONTROL MAKES IT EASY TO OPERATE!

At the heart of the Pool Boy® design is the remote operating system. The system features a low voltage transformer that is designed to meet NEC article 680. The remote control is completely waterproof and floats.
